

ORCA SING 2019

Come celebrate our Southern Resident orcas & the beauty of our State Park!

JUNE 22, 2019
LIME KILN STATE PARK
SAN JUAN ISLAND
EVENT BEGINS AT
7 P.M.

Orca Sing is an annual summer solstice event, dedicated to the recovery of our endangered Southern Resident Community of orca whales. Back this year is Seattle's City Cantabile Choir! Odin and Orca Annie from Vashon Hydrophone Project will also offer a First Nations tribute to their orca relatives in the Salish Sea.

Bring your friends & family and a picnic to enjoy the beauty of the park and surrounding marine environment while listening to music. Maybe the whales will surprise us with a pass-by! Tours of the historic lighthouse will be offered before and after the music performance.
