

Design concepts for new pavilion at PeaceHealth St. Joseph Medical Center

# **STRONGER** *together*

The Campaign for PeaceHealth St. Joseph Medical Center

We are embarking on a generational investment to transform our community hospital into northwest Washington's premier 21st-century medical center.

## The Time is Now

We have been honored to care for the people of northwest Washington for over 130 years. To meet the growing health needs of our region, PeaceHealth St. Joseph Medical Center must expand and innovate. PeaceHealth is making significant investments in capital improvements to increase access to world-class care and transform our hospital for the future of medicine and the future of our region.

The new PeaceHealth St. Joseph will be modern and innovative in every way, from its footprint to patient room design, from the way it integrates medical technology to the way it makes people feel.

## 112,000

Square feet in a modern, high-tech pavilion

- Rooftop Helipad
- Floors 4-5: Women's and Children's Services
- Floors 2-3: Patient care rooms
- Floor 1: Modern, unified Emergency Department
- Ground Floor: Lobby and Healing Garden

## 142

New patient rooms with space specially designed for families

## 6

New floors provide optimal space to care for our community

This historic commitment will touch all areas of the hospital with a focus on two priority areas: the **Emergency Department** and **Women's and Children's Services**—areas of care with the potential to touch the lives of every person in the region; everyone needs access to high quality emergency services and labor and delivery care close to home.

PeaceHealth

## The New Emergency Department

- Universal private rooms and flexible spaces that dynamically respond to patient volume
- Easy-to-navigate layout that facilitates collaboration and communication among care teams
- Integrated imaging to speed up diagnosis and treatment
- Modern, evidence-based design with consistent layouts to support healing

## Women's and Children's Services

- Increased Pediatric Services so that families receive the care they need in their own community
- A brand-new facility for labor and delivery with space to grow along with our community
- Evidence-based design that reflects the special process of welcoming a new baby
- Level 3 NICU, allowing more newborns to receive care right here in Bellingham with their families

**STRONGER *together***
